

## IMPACT AT A GLANCE

Transforming Lives, One Initiative at a Time

### Manesar Marches for a Plastic-Free Gurugram on World Environment Day

On June 5, the Manesar community—including students, citizens, and local officials took to the streets of Manesar to rally for a plastic-free future. Organised by OneStage with the State Pollution Control Board, Haryana the event was a vibrant celebration of collective action against single-use plastics, reinforcing our role in environmental stewardship.

### Strategic Alignments for a Cleaner Gurugram

OneStage led high-level policy discussions with Haryana's Department of Environment, the Pollution Control Board, and Municipal Corporation of Gurugram. These efforts aim to operationalize the Plastic-Mukt Gurugram mission at scale—ensuring convergence across governance, enforcement, and active citizen participation.

### From Ponds to Possibilities: Field Learnings from Bihar

As part of the Water Body Rejuvenation project in Begusarai, Bihar, OneStage leadership was on ground, engaging with farmers and fisherfolk. The visit surfaced local solutions—from silt-based soil revival to fishery-linked livelihoods—highlighting how transformation begins with listening, learning, and co-creating change from the grassroots up.

## Hajawali Kholi Pond Rejuvenated Through Collective Action

The rejuvenation of the Hajawali Kholi Pond in Abheypur stands as a testament to the power of partnerships. Under OneStage's PANI programme, and in collaboration with Rio Tinto India and the Abheypur community, the effort brought together shared intent and grassroots leadership. The revived pond will now benefit over 700 people by enhancing water availability, supporting groundwater recharge, and building climate resilience—an inspiring model of community-owned environmental stewardship.

## Nurturing Beginnings: Prarambh Learnings Shared Across Odisha

As part of the Prarambh: Sukhad Shaishab initiative, district-level dissemination workshops were held in Deogarh and Puri, bringing together government officials, Anganwadi workers, and partner organisations. These sessions served as vital spaces for cross-learning, where on-ground experiences and outcomes were shared to strengthen early childhood systems. The discussions focused on scalable practices, community engagement, and reinforcing the foundation of care and learning for every child.

## Powering Public Healthcare: OneStage and Jhpiego Join Forces

OneStage and Jhpiego have come together to strengthen India's public healthcare delivery, focusing on maternal, newborn, and child health (MNCH) as well as non-communicable diseases (NCDs). This partnership will drive integrated healthcare solutions across underserved geographies, enhance community outreach, and build frontline capacity. With a shared commitment to equity and innovation, the collaboration is set to impact over 10 million lives—creating healthier communities and a more resilient healthcare system.

## Driving Dialogue: OneStage at Leading Thought Leadership Forums

From sustainability to CSR, OneStage amplified critical conversations at:

- World Health Regional Summit (policy & innovation in healthcare)
- Haqdarshak's CSR Summit 2025 (co-creating social impact)
- Schneider Electric's Sustainable Energy Fieldnotes 2025 (green tech & energy equity)
- Zomato's Packathon 2025 (plastic waste reduction & packaging solutions)

## National Climate & Environment Consortium Launched

Taking the lead as national secretariat, OneStage has launched a first-of-its-kind multi-stakeholder platform to accelerate climate action. The National Climate & Environment Consortium focuses on water positivity, coastal ecosystem revival, agroforestry & land carbon sinks, climate-smart agriculture & Tech4Good platforms. Aligned with 8 SDGs, it is a bold step toward systemic climate innovation and India's green leadership.
